### 68,000 MINERS ON STRIKE, SAY UNIONS

INDIANAPOLIS, Ind., April 21.—(By the Associated Press)—With the third week of the nation-wide suspension of work in the coal industry ended today, officials of the United Mine Workers of America at union headquarters here declared that the peak strength of the strikers had not yet been reached, although the number of idle miners had increased to 68,000, a gain of 20,000 during the week.

**Plan More Complete Tie-Up**  
Efforts to bring a more complete tie-up of the industry will be continued. Under the union's avowed program calling for a complete suspension of coal production, any new developments, forced by the union, may be expected to come in the Pennsylvania bituminous regions and also in West Virginia, the stronghold of the non-union operators.

**Quiet In Other States**  
In a survey of other states scattered across the country, no important developments have been reported. Operations were brought to a standstill on April 1. In the Pennsylvania anthracite districts, a similar quiet has been maintained. In the bituminous fields, President John L. Lewis, the union leader, estimated that 450,000 miners have joined the suspension, while in the anthracite industry, he said, 175,000 men are affected. In addition, he declared that reports of union field agents show at least 80,000 works in the unorganized fields as participants in the walk-out.

**Nation's Output Hinges On Non-Union Mines**  
As long as the general suspension of work continues, the nation's coal output hinges largely on the non-union mines, which operators here say have an aggregate output of 3,500,000 tons weekly, approximately 2,000,000 tons more than has been produced in either of the first two weeks of the strike. Meanwhile, any excess consumption must come from the 12,000,000 ton pile that had been built up before the strike started, and operators here say little of this has yet been used. Union sources said they had no figures on consumption.

**Ship Sinks; Crew Saved**  
CHEBOYGAN, Mich., April 21.—The wooden passenger steamer Colonial that plied between Cheboygan and Bois Blanc Island is believed to have sunk in Lake Huron last night, following removal of her crew and one passenger by coast guards.

**Claims Shortage Of Coal In The Pittsburg District**  
PITTSBURG, Pa., April 21.—(By the Associated Press)—Following statements by R. W. Gardiner, commissioner of the Pittsburg Coal Producers' Association, that prices of bituminous coal have not advanced since the strike and that there is an abundance of coal on railroad sidings in this district, William Hargest, secretary of District 5, United Mine Workers, today issued a statement intended to show that a shortage is actually faced.

This Map Tells A Story

This map shows Russia and Germany, which have entered into an economic treaty. Direct land communication between these countries, which was possible along a long frontier before the war, is now severed by the states set up by the treaty of Versailles. How long will these states be able to withstand the Russo-German interests? Especially Poland? How long will Russia and Germany be content to trade over the long water route, which ice closes part of the year. At the left is Rathenau, the German, and at the right is Tschitcherine, the Russian, who negotiated this treaty.

NEW YORK, APRIL 21.—What I have for a year or more predicted in speeches and articles has happened. ### 100 Injured In Gasoline Blast

LOS ANGELES, Cal., April 21.—Probably 100 people were injured, a number of them fatally, when an oil station caught fire at Downey today and the fire reached the underground storage tanks, causing them to explode. Downey is a small town about 15 miles southeast of Los Angeles and its fire and police facilities were so small that it was necessary to call on the sheriff here to take charge of the police. Ambulances were sent from the city immediately. The property damage had not been estimated an hour after the explosion, which occurred at 10:40 a. m.

McCLURE, Ill., April 21.—(By the Associated Press)—Flood waters from the swollen Mississippi began rolling into McClure this afternoon, virtually completing the inundation of approximately 100,000 acres in Jackson, Union and Alexander counties. The water is expected to be three feet deep in all sections of the town by tonight.

WASHINGTON, D. C., April 21.—(By the Associated Press)—The sum of one million dollars for control of flood waters of the Mississippi river, now at the highest stages in years, was immediately made available by a resolution rushed through the senate and house today within an hour after the proposal made by southern members had been approved by Secretary Weeks and Director Dawes, of the budget.

### ARMED MEN RAID OFFICE OF NEWSPAPER

SLIGO, IRELAND, April 21.—(By the Associated Press)—Armed men raided the offices of the Sligo Champion today and smashed the frames of type for this week's issue, apparently in order to prevent publication of the newspaper's report of Sunday's meetings when Arthur Griffith, president of the Dail Eireann, delivered an address in favor of the free state treaty.

The raiders tore up ten thousand partly printed copies of the paper, and spared the linotypes and other machinery.

### CRISIS IS BRIDGED BY REPLIES

GENOA, April 21.—(By the Associated Press)—Both the Germans and the Russians today submitted their replies to the allied demands. The German reply accepts the allied proposal that the Germans take no further part in the negotiations between the allies and the Russians, but the reply does not modify the effectiveness of the Russo-German treaty.

The Russian reply accepts the allied proposal for the payment of Russia's debts due to foreigners, and the restoration of foreign property nationalized by Russia, in case the soviet regime is granted recognition by the allied governments as a de jure state, and is given adequate financial assistance.

The effect of the two replies is to continue the German and Russian participation in the work here, and thus to bridge over the crisis, which recently threatened to disrupt the conference.

While the soviet reply apparently accepts practically all the allied demands, the details of working out the plan and the amount the Russians may expect in loans to restore their country admittedly present a difficult problem, without any certainty that it can be solved and thus complete the preliminaries necessary for Russian recognition.

**More Separate Pacts**  
GENOA, April 21.—(By the A. P.)—Germany and Russia asserts the Cattaneo today, already have agreed with the Turkish Nationalist government at Ankara on a common program of foreign policy. This, it argues, will constitute a grave menace to the other powers, especially the Balkan states.

### Chiropractors In Factional Row

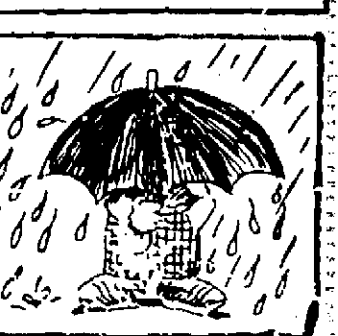

AKRON, O., April 21.—(By the Associated Press)—Dr. O. L. Brown, president of the Ohio Chiropractors' Association, obtained an order in common pleas court here today restraining the Association of Chiropractors of which Dr. D. A. Williams, of Cleveland, is president, from using the name of the Ohio Chiropractors' Association at the annual meeting called by Dr. Williams to be held at Cleveland Saturday and Sunday.

The faction headed by Dr. Williams, it is claimed by Dr. Brown, is attempting to usurp the name of the association without legal right. The two factions split at a recent meeting.

### Robbers Work Safe; Get \$1,400 In Cash

COLUMBUS, O., April 21.—(By the Associated Press)—Forty-four hundred dollars in cash, the receipts of the day's sale from eleven central Ohio oil company's filling stations, was stolen Thursday night from the safe in the company's station at Spruce and High streets. It was learned this morning when employees opened the safe for the day's business. The robbers worked the combination to obtain the loot.

## "THE BOY AS AN ASSET" WILL BE EXTOLLED OVER RADIO MONDAY NIGHT

The following from the Dayton Journal will be of especial interest to those who have Radio equipments. Fifty thousand boys in Ohio, perhaps more and hundreds of adults all over Ohio on Monday evening, April 24, will hear a special address on the subject, "The Boy as an Asset," according to plans, which have been perfected by District Governor Robert Patterson, head of the Rotarians of this state.

The address will be transmitted by radio from the big broad-casting station of the Rike-Kunler Company of Dayton and it may be picked up by any person or set of individuals equipped with a receiving instrument. In fact it is the wish of District Governor Patterson that wherever a group of boys can be gotten together, whether in a school room, home or church, office, hall or any other place steps should be taken to give them the opportunity to hear the address. The movement has the backing of 50 Rotary Clubs in Ohio.

If you have a Radio invite your boy friends to hear this masterly address next Monday night.

The plaintiffs further claim that Peel has refused repeated demands to surrender the property and to render a bill for the amount of storage charges due him. The suit was filed through Attorneys E. F. Kimble and W. L. Dickey.

Tennessee Farmer Says He Has Been Satisfied With Theodor's Black-Draught For Over Twenty Years

Mosheim, Tenn.—"I have only to repeat the old, old story, as others have done," writes Mr. H. M. Ayers, of his long experience with Theodor's Black-Draught liver medicine. Mr. Ayers is a prominent Greene County farmer and land owner on Route 2, out from Mosheim. In a recently-given statement, he said:

"I have used Theodor's Black-Draught for more than twenty years, and can assure you that it gives perfect satisfaction. It is the best liver medicine I ever used."

"A good thing about Black-Draught, you can regulate the doses. I, sometimes, for indigestion or sour stomach, take only a pinch after meals, while for disordered liver, I take a larger dose. I buy it in the large packages and keep it in the house all the time."

"It is splendid for headache and that feeling that you can hardly drag; bad taste in the mouth, and sallow skin."

"I tried other medicines for years, yet in my past fifty years I have never found its equal."

"I am now past sixty years of age. Have used Black-Draught long enough to absolutely know it is the best liver medicine made."

The old, well-known powdered vegetable liver medicine which Mr. Ayers mentions is sold by all druggists.

Accept only the genuine! If it's not Theodor's, it's not Black-Draught liver medicine. Examine every package. —Advertisement.

### Too Much Of A Joke

"Carrying a joke too far" is the way George L. Gulker, 1604 Seventh street, regards the failure to return a cushion taken from the rear seat of his automobile when it was parked last evening at Fourth and Washington. "The cushion was taken by a person who was recognized," says Mr. Gulker, "and if it is not returned immediately the matter will not be regarded as a joke."

Returns From Greenup Ellis Diedrich of this city has concluded a visit to relatives in Greenup.

Better To Let Sleeping Dogs Lie (Detroit Free Press) If the Democrats in Congress keep on demanding the reason for that shake-up in the Bureau of Engraving and Printing they may find out and be sorry.

### Chillicothe Wrangling Over Daylight Saving

The Chillicothe News-Advertiser says: "Daylight saving for Chillicothe is a much-mooted question. A city official informed the News-Advertiser today that he confidently expects to see a referendum filed, holding up the proposed ordinance. He went so far as to say that the taxpayers circulating the petition will not call for a special election, but will ask to have the vote taken at the August primary."

"Judging from the amount of talk floating about, the question is as much in doubt as ever in Chillicothe and no matter which way it ends, a large number will be dissatisfied. The official declared that the fair way to end the discussion is to let the people vote on it and decide the matter once for all."

### Eagles Planning To Entertain Judge O'Donald

The local Eagles are planning to give Judge Thomas O'Donald, of Kansas City a royal reception when he comes to Portsmouth on May 4 to address the members of that order. The meeting will be held in Eagle Hall and it is anticipated that a big crowd will be on hand to hear the distinguished speaker.

Dr. J. H. Gill, Otto Lauffer, and W. O. Stalker have been named as members of the reception committee and the matter of arranging a program for the evening will be in charge of a committee composed of William Baker, Ray Elwell, Elmer Rader, Ed Hoebel and Rube Smith. Arrangements were made at the regular session Thursday night, for the Aerle to give a dance on April 28 and three candidates were initiated while three applicants applied for membership.

### Bankers Lose First Round

With the odds against them, the Bankers winners of the pennant in the Portsmouth Volley Ball League, playing on their opponents' floor, dropped four games and the first round of the city volley ball championship series last evening at the Parish house to the Underwoods, winners of the Ruckey League pennant.

The Bankers have not been playing for more than three weeks while the Underwoods have been playing right along. The Bankers also played most of their games on the high school floor, much larger than the Parish house floor. Before the contest started a coin was tossed to see where four of the games would be played, the Parish house or high school. The Underwoods won the toss and chose to play four games right away in the Parish house hall.

Then came the games and the Bankers did not have a look in not being able to get over 14 points in any of the games and in the second

managed to grab only 5 points. The Underwoods have Kendall and Millard to thank for most of their points. These players killed the ball with an accuracy that made the Bankers shake with fear when these two men came to the net. The remainder of the team passed the ball up in fine style and then it was up to Kendall and Millard and they came through with a point almost every time.

The Bankers never played worse than last night. Their passes were off color and killing seemed out of the question although Young got in a few good shots over the net. Uhl, Berruth and Brumby were way off their usual stride.

The championship series between the Selby Culls and Underwoods will start in a few days. The scores and lineups:

Underwoods ..... 21 21 21 21  
Bankers ..... 13 13 13 13  
Underwoods—Staton, Hopkins, Gubbert, Kendall, Millard, Doll.  
Bankers—McNamara, Berruth, Brumby, Uhl, Hopkins, Young.

### Juniors Lead In Track Meet

When the first half of the P. H. S. inter-class track meet was held at York park Thursday afternoon the Junior class athletes placed well up

in most of the events and as a result have such a lead that they might as well be now declared the winners. The Juniors have 44 points to their credit while their closest opponents are the Freshmen with 22½ points. The Sophomore class is close behind with 18½ points. The Senior class trails with 1 point.

The surprise of the meet was the showing made by the Freshmen entrants, several of whom entered school in February.

The remainder of the events will be run off today to complete the inter-class meet. Victors in the various events will likely be chosen as the track men who will represent P. H. S. in inter-school track meets within the next few weeks.

## Dance And Card Party Will Be A Pleasing Social Event

A most gratifying response is being made to the appeal to the men and women of Portsmouth who are interested in work for the welfare of young women, to purchase tickets for the dance and card party at the Baesman Dancing Academy next Thursday evening, which will be one of the pleasing social events of the post- Lenten season. Since the closing of the Y. W. C. A. the activities of the Girls' Community club has taken on added importance, and it is to carry on this work that occasional entertainments are being given. A large number of the women in the city have been interested in this project and all are working enthusiastically for the coming entertainment to make it not only a success financially, but socially.

The fate of the girls' camp this summer, and numerous other diversions planned for the young women will depend upon the amount of money raised, and this should be borne in mind when you are offered the opportunity to purchase a ticket. Mr. Fred Baesman, when told of the object of the dance and card party, was asked how much he would charge for his hall. "Not a cent," was his reply, and to show more emphatically how he stood, he added, "And I'll tell you what I will do: I'll furnish the orchestra free of charge, too."

What other inducement could be offered to the dancers than the Baesman orchestra and the Baesman dancing floor?

For those who do not wish to dance, there will be numerous

card tables, and those who desire may bring their own little coterie, while others may prefer to join in with any who need "another player or couple" to complete a table. The members of the committee have made up their minds that everyone who comes, stranger in the city, or not, must have a good time, and guarantee that the affair next Thursday evening is one which all attendants will enjoy and appreciate.

Mrs. Clarence E. Nodder, Mrs. I. H. Goodman, Mrs. James R. Distel and Mrs. George M. Taylor comprise the committee in general charge, while a large number of other women are actively assisting them. Tickets may be secured from any member of the committee.

## Will Fill Out Your Tax Returns

Squire George S. Morgan requested The Times Friday to announce that he will fill out and qualify all New Boston and Clay township citizens to personal tax returns who may desire to call at his office. The magistrate offers his services gratis, making no charge at all, and urges citizens in that territory to avail themselves of his services. The listing of personal property and filing of the return must be made before May 1 in order to escape added penalties.

## Twenty-four Years Ago

Appropriate resolutions were adopted by the Scioto County Bar Association honoring the memory of the late Judge J. M. Dawson. The resolutions adopted were reported by a committee composed of E. C. Searl, Noah J. Dever, N. W. Evans, Theo. K. Funk and A. T. Holcomb.

"21 for Johnson," was a familiar cry frequently heard during the long drawn out congressional convention. The cry came from the Lawrence county delegation, of course, and meant that many votes for the Iron-ton candidate.

Joseph Burman died at his home on the West Side. He was a native of France and worked in the lower mill in this city for a number of years before moving to the farm.

John W. Blair, Civil War veteran, left for Dayton to enter the National Military Home there.

Chan Monton returned from Hot Springs as smiling and as fresh as a daisy. He left Charley Daehler and John Willough at the springs.

George E. Krickler left for St. Louis on business connected with the estate of his brother.

A force of carpenters and workmen were sent to Glen Hunt by the C. & V. to fix up the buildings and grounds of the summer resort on Brush Creek.

A number of young men, prominent in the city, were busy getting up a volunteer company to take part in the war with Spain. Harry Miller and W. P. Reed were active in the movement.

## STROLLERS PRESENT DELIGHTFUL PLAY

A capacity house greeted the Strollers' Dramatic Club of the Ohio State University, when they presented "Mrs. Bumpstead-Leigh," a three act comedy in the High School Auditorium last night.

Each player in even the minor parts seemed to fill perfectly his or her special niche, and the production was thoroughly enjoyed from start to finish. The pleasure of the actors and actresses in their work was transmitted to some extent to their audience, who showed their appreciation by their generous applause.

Carrying the most difficult role of the play without the slightest semblance of faltering, Miss Georgia Backus as Mrs. Bumpstead-Leigh showed to the highest degree the training and professional experience which she has had. The ease of manner which she exhibited on the stage as well as the way in which she executed the widely divergent degrees of emotion required of her attracted many comments from the audience. Miss Backus made a popular impression here last year as the star in "The Girl With the Green Eyes" but the success which she gained last night far exceeded that. Adaptability, versatility, stage presence and charm and a clever and charming variation of speech were for her the attributes of those present at the play.

At one moment Miss Backus was the dignified English lady, on equal terms with the best of the society and in another moment she was but the daughter of old Jim Sayles, who developed a world-wide famous stomach elixir.

Every member of the cast executed their parts in the difficult production with a professional ease that made the play pass smoothly through to the climax in the second act and on to the finish of the play.

Next only to the splendid histrionic

ability exhibited by Miss Backus, came the acting of Miss Grace Harris as Violet de Salle and Miss Helen Jones as Mrs. de Salle. Decidedly opposite characters, both young ladies carried their parts in a remarkable manner which added to the grace and charm of the play.

The most difficult male parts were carried by Mr. Heath Wood as Geoffrey Rawson and Mr. Hayward M. Anderson as Anthony Rawson, Geoffrey's elder brother. Mr. Anderson, his father's favorite and pampered son, carried the part of a lover of society life which his brother detested. Both executed their parts in an admirable fashion and contributed in a large part to the success of the production. In the most difficult parts of the play Mr. Wood and Mr. Anderson carried their roles with an evenness unusual in an amateur play.

Mr. C. L. Yearick as Justin Rawson, father of the two boys and the head of a house noted for its fine reputation and high social standing, carried a difficult role with the ease which marks the professional actor.

while Miss Jessie Morrey as Miss Rawson, his sister, played a supporting part in an admirable fashion.

Mr. John K. Boardman as Stephen Leavitt and Miss Dorothy Hanna as Mrs. Leavitt, although having only comparatively small parts, contributed decidedly to the success of the play by the manner in which they carried them.

Another hit was scored by Mr. Walter L. Davis in the role of Peter Swallow, the former small town fiance of Mrs. Leigh who was called into the play in an attempt to identify his former sweetheart as the daughter of the patent medicine manufacturer.

Mr. Charles Stewart admirably portrayed the part of Kitson, the confidential man-servant of the Rawson household, who after 25 years of service knew the history and intimacies of the family.

Misses Jean Constable and Eleanor Fisher as Nina and The Maid and Arthur C. Kiesel as the Gardener, also contributed in no small part to the success of "Mrs. Bumpstead-Leigh."

Old Jim Sayles, famous for his Favorite Stomach Elixir, lived in Missionary Loop, Indiana and had two daughters, Adelaide and Violet. Poor Old Jim, "the sufferer's friend," died and Adelaide, who wanted to live in high society, packed, dined mother and sister Violet off to Washington where they assumed the name

of deSalle and started out among the Four Hundred.

After studying French and manners for several years they went to Europe to get more culture and Adelaide copied off a title in England and was henceforth Mrs. Bumpstead-Leigh. Well, she was the audacious one and wanted Violet to get married to a family tree also. So the three made a visit to America.

They came to visit at the Long Island home of Justin Rawson, with sons, Geoffrey and Anthony, where Mrs. Leigh engineered an engagement between Violet and Anthony.

Anthony was impressed by the profoundness of nobility but saw Peter Swallow, one time fiance of Mrs. Bumpstead-Leigh, one day who spilled the beans and told of it. Anthony did not know whether this old sweetheart of Peter's was Mrs. Leigh or not so he brought Swallow, who was a tomboyish salesman par excellence, to dinner.

Swallow was blessed with considerably more than his share of torrential outbursts from his facial orifice, but though he thought Mrs. Leigh was his once promised one he was not sure. For Adelaide sent

Mother deSalle to bed so she wouldn't spoil things and pulled the wool completely over his eyes. Peter had to leave right away to catch his train but first left his card in case of future need of his hosts for monuments. Now, Violet didn't want to was-

## Pesky Devils Quietus P. D. Q.

P. D. Q. Pesky Devils Quietus. Is the name of the new chemical that actually cures the bug family. Bed Bugs, Roaches, Ants and Fleas, as P. D. Q. kills the live ones and their eggs and stops future generations. Not an insect powder but a chemical unlike anything you have ever used.

A 25 cent package makes one quart and each package contains a patent spoon, to get the Pesky Devils in the cracks and crevices.

quarade always and when he left she came back and told all about old Jim Sayles, her father and his patent medicines, including the Stomach Elixir. That cooked the goose and broke the engagement.

But Violet loved Geoffrey Rawson and he admired her so much that he popped the question and Violet approved. The Rawsons had all abdicated until the deSalle could leave the house but they were called back and Mrs. Bumpstead-Leigh won the day under threat of publicity.

The only awkward moment appeared during the entire production was the abrupt finish to the play, the audience not expecting the third act to close in the manner it did. Miss Alice Blake's Orchestra of Trinity church played selections before the play and between acts.

The entire first floor was comfortably filled for the play but there were a number of empty seats in the balcony.

After the performance an informal reception and dance was held in the Elk hall for the pleasure of the players. The Novelty Sextette furnished the music, and dancing continued until one o'clock.

## NO OLD WOMEN NOWADAYS

Modern dress, hair dressers, facial experts and cosmetics all combine to keep women of all ages young and attractive in appearance. Not until the tollable wrinkles become so deep the figure stoops or some ailment or weakness develops to drag a woman down does she really look her age.

Every woman owes it to herself and her family to keep herself young in appearance, and happy. When headaches, backache or "blue" develop or when a woman reaches the trying age from forty-five to fifty, Lydia E. Pinkham's Vegetable Compound may be depended upon to keep her in health as it has so many other women whose letters we are continually publishing in this paper.—Advertisement

## Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dearest, O—Dear Dolly Wise—Will you please print in your column if the state-wide bonus bill will pass or not? I served ten months over there and twenty four months here in the U. S. A. How much will I draw if the bill passes? EX-SOLDIER.

Dear Dolly—Can you tell me the name of the man who drives a Ford car and wears a red sweater. He spoke to me the other day and I do not know who he is. BROWN EYES.

Dear Dolly—What do you think of

a woman who runs around and tells that certain girls are trying to take her husband away from her. Some of the girls do not even know her husband, and the ones who do know him would not have him on a Christmas tree? What can be done with a woman like that?

THE BEST WAY TO TREAT A WOMAN LIKE THAT IS TO SIMPLY IGNORE HER. The chances are she is not responsible for what she says or does and people who know her will not pay any attention to what she says.

Dear Dolly—There is a girl who comes to the same church that I do and I admire her looks very much. I have taken her home a few times but I think her parents object to her going with me. There is another man who was here on a visit not long ago and he took her home several times too. When he went home he wrote to her but she says she did not answer his letter, but I believe she did. What do you think about it? B. W.

If she says she did not answer the letter I think you should take her word for it. However, I see no reason why she should tell you she got the letter, or ask your advice about answering it.

of moonshine. My husband never was a drinking man before he met this man. I do not want to report him unless it becomes necessary but I surely will do it if he does not keep away from my home and my husband. I hope he sees this letter and takes warning before it is too late.

DISGUSTED WIFE. I'd never waste time serving a warning on him through this column. I would tell him in plain English that if he did not stay away from my home and my husband I would report him for selling or giving moonshine away and have him put where he would not tempt any other men with his drinks. He has no respect for you, or your home, your husband or your feelings and why should you hesitate to report him? Before me, I'd fix him so quick he would never know what happened to him. You should have put a stop to this right in the beginning and you would not have to do it now.

Blue Devil is quite different. From "Cousins" of his kind. He works and works and works. And still remains refined.

## Adventures Of The Twins

BY OLIVE ROBERTS BARTON

Nick lifted it carefully, and there were six of the loveliest little brown puppies.

THE dove again flew ahead of the Twins and soon they came to the fourth one of the Seven Valleys, the Valley-of-Puppy-Dogs.

"All I can say is—come as soon as you can," said the dove. "You have a long journey ahead and Twelve Toes and his wicked relatives have put everything they can in your path to delay you."

This sounded very alarming—not that the Twins were afraid of dogs—they loved them—but what could the bird mean by his words?

Away flew the dove to wait for them on the other side of the valley. Nancy's quick ears caught a faint crying. "It's under the basket!" she said, pointing to an old bushel measure.

Nick lifted it carefully, and there were six of the loveliest little brown puppies that any little girl or boy could wish to see.

"You darlings!" cried Nancy, holding them all at once. "Oh, Nick, aren't they dear! Don't you wish we could take them along?"

"Yes," answered Nick. "I wonder where the mother is and if she'd care, I'll go and look for her."

In a moment he called back, "Nancy, come here! Quick!"

Mrs. Beecher Seal, of Columbus, is visiting at the home of her parents Mr. and Mrs. W. H. McCurdy at Wheelersburg.

Mrs. Sidney Kaufman of Charleston, W. Va., is the guest of her sister-in-law, Mrs. Fred Straus, 1801 Timmonds avenue.

May, the 19th, is the date for the pantomime to be presented by Miss Florence Schoenfeld Young and pupils, under the auspices of the Woman's City Club, the proceeds to go toward buying flowers and shrubbery for the school yards of the city.

Mr. Donald Dillon returned to his studies at the Wharton School of Commerce, University of Pennsylvania, Philadelphia, after a week's vacation at the home of his mother, Mrs. Esther Dillon, Fifth street.

Mrs. Anna Smith, who has been assisting in the revival services at the Franklin Avenue church, leaves for her home at Rushville, Ohio, today, stopping enroute at Delaware, for a few days' visit.

The Saturday afternoon Whist Club will be entertained at the home of Mrs. Charles Hall, 1321 Second street tomorrow afternoon.

Mrs. George Matthews and son, Theron Matthews, Jackson avenue, have returned from a few days' visit to relatives at Jackson.

Dear Miss Wise—What do you think of a woman who will give up her little six year old daughter, just because her second husband does not want to keep her? I want your opinion on this right away.

KENTUCKY READER. My opinion of her would not look well in print. However, if it becomes necessary for the woman to choose between her second husband and little girl she should let the husband go. A mother who will give up her child for the sake of a man is not worthy of the name.

Dear Dolly—What do you think of a so-called gentleman friend who will break up a happy home. Dolly, I used to be a happy wife until my husband met a man who posed as his friend, but he has been giving him moonshine ever since he met him and he is gradually winning my husband away from me. We are losing confidence in each other—he does not trust me and I have every reason not to trust him since this man has been coming into our home. This is not a love affair. Please understand that. It is just a case of a stronger man pulling a weaker one down by means

## Keeping A Rosy Complexion

And A Clear Smooth Skin What Millions Of Women Do.

Medical science says that each one of the billions of red blood corpuscles in your blood stream must have iron or your blood becomes pale, thin and watery. Your lips and cheeks also lose their color, then your stomach, kidneys, liver and heart become weakened, your intestines do not act properly, poisons may be absorbed into your system and your skin thereby becomes rough and mottled looking; dark circles may appear under your eyes, your cheek and facial muscles and tissues shrink, hollows may appear, and you may even look several years older than you actually are. To say the least, the freshness of your youthful beauty is gone.

It is estimated that at least one woman out of every three who has lost her natural bloom and is more or less affected thereby. In many cases in addition to the loss of their beauty, they become weak, nervous, anemic and may be afflicted with melancholy or the blues, or suffer the terrible terrors of nerve force exhaustion.

Nuxated Iron is guaranteed in every case to furnish your body with true red blood food which your blood must have for you to be strong, healthy and vigorous. It is the iron in your blood that puts the color in your cheeks, helps clear up your skin and give the ruddy glow of health to your complexion. It has been used by millions of women. Get a bottle today, take it for two weeks, and if you have not joined the ranks of the thousands who have obtained most beautiful health, strength and energy from the use of Nuxated Iron, the manufacturers will promptly refund your money.

## NUXATED IRON

Iron is a secret of beauty and health of millions of wonderful women.

## The Sunday School Lesson

BY JOHN COLLINS JACKSON  
KING UZZIAH AND KING ALCOHOL. 2 CHRONICLES 26:1-28

It is the time for the quarterly Temperance Lesson in the Bible schools. We may take our choice between using the regular topic, "Uzziah's Pride and Punishment," or using the same Scriptures for teaching the same lesson, "King Alcohol." The latter is the more timely topic, and by it we may also see an illustration of pride and arrogance bringing their own sure retribution upon their victims' heads. The Chronicler tells us how Uzziah's prosperity led him into iniquity, so that he finally presumed to rule the sanctuary as well as the court, by usurping the functions of the priesthood. For this, the account says, he was smitten with leprosy, visibly, on the forehead, while, resisting the priests, who in their righteous wrath, were trying to eject him from the Temple, "When he was strong," says the Chronicler, he became guilty of sacrilege.

How like this was the history of King Alcohol. He had also waxed strong in the land. He ruled largely in politics, and he tried to dominate the Church. But the rank and file of the ministry finally combined and rose up against him, and elected him from the American temple of liberty. Today the liquor traffic is branded in its face as a leper and an outlaw, by the strong hand of the United States Government. King Alcohol has been dethroned through the Eighteenth Amendment to the Constitution of the United States. No preceding amendment had ever been so long agitated and studied before its adoption, nor so overwhelmingly endorsed by the people, as the prohibitory amendment. Forty-five of the forty-eight states of the Union adopted it. New Jersey also joined the triumphant procession within the last two months, so that now but two small states of the great Republic are still without that honor.

But like other kings, King Alcohol does not enjoy his banishment. The Kaiser would like to get out of his self-imposed prison in Holland, and resume the throne of Germany, if he could. King Charles of Austria also tried to return to his once proud position of power, but the people, with their new taste of liberty, said, "No." And Charles died in exile a few days ago. It is equally certain that the people of this nation will never consent to the legal enthronement of King Alcohol, surnamed John Barleycorn. The brewers themselves say they do not ask the return of the licensed saloon. This is because they know that the eighteenth amendment can never be repealed. The people too well remember what the liquor traffic was in the days of its power and pride. But the brewers are moving heaven and earth to try to get for themselves a more desirable thing, viz: free who and beer everywhere, through a law authorizing the manufacture and sale of 2.75 per cent alcoholic drinks.

They would thus nullify the Constitution of the United States, by making a force out of the eighteenth amendment. It would be illegal—unconstitutional, for the government to license an illegal or prohibited business. Consequently, without even the burden of a tax or license, the brewers could ply their traffic everywhere. Under the guise of soft drinks alcoholic drinks of every degree, could be sold, universally. It would require the government to keep a chemist analyzing drinks on every square of the city, to make traffickers keep within gunshot of the law.

Twenty-five wet organizations are now working day and night to elect a wet Congress next fall, which would amend the Volstead law so as to permit 2.75 per cent beer; and that would mean also any other per cent that kitchen brewers or factory brewers, either one liked best.

The Anti-Saloon League stands as the present law's defender, and for

law enforcement. The wet propagandists are circulating all manner of defamatory reports against the Anti-Saloon League, in the hope of breaking down its opposition to their encroachments, by discrediting it in the eyes of the public. Ever and anon some former officer of the A. S. L. is reported caught in some illegal rum affair; but the wets never tell the public that the great majority of the appointments first made for law enforcement were political appointments—made to reward party services, and were men not in sympathy with prohibition, but ready to connive at its violation, or to sell out their pretension to law breakers.

Also they constantly intimate that the Officers of the Anti-Saloon League, Wayne B. Wheeler, especially, are in it for their big salaries. As a matter of fact they are working for but a small salary compared with that which their abilities would command in other professions. One would think from the cry of the wets that everybody, except the Anti-Saloon League officers, worked merely for the fun of the thing, or for their health alone. Especially the dear, virtuous brewers! It is only their self-sacrificing devotion to the highest interests of their fellowmen that makes them so violently try to overthrow the Constitution of the Nation.

But the public are not deceived by these tactics. The tricks of the liquor traffic are old and endless. Evil dies hard. It feligns repentance only to crave mercy. No, no! the rum power does not want the old saloon back! Perish the thought! It promises to be very good now, if only the government will allow it to get a little drunk. Some of the wet organizations are even posing as temperance societies, and accusing the Anti-Saloon League as the promoter of the lawlessness which prevails. How innocent old John Barleycorn has become,—of late!

"When the Devil was sick, the Devil a monk would be; When the Devil got well, the devil-a-monk was he!" It would be timely for the Bible schools all to use the temperance lesson tomorrow. The fight is on, and it is time to wake up and be doing. Every Bible teacher should be a reader of the American Issue, and then he or she will get a weekly report of all that is being accomplished by prohibition, and all that King Alcohol and his forces are doing to try to regain their lost power.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

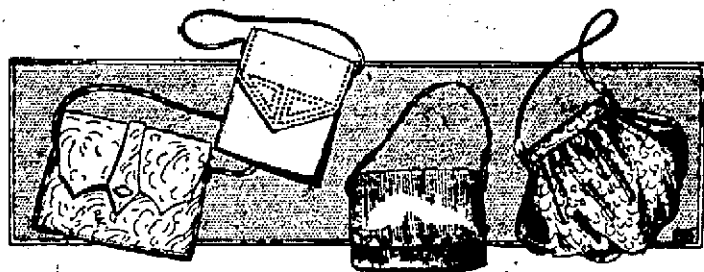

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

## BEGIN HERE TODAY

In the summer of 1914, Mark Sabre finds that he is estranged from his wife, Effie, and that she is estranged from him. He is a man of sympathy and understanding, but the sole exception of Lady Nona, a girl, an old sweetheart now un- happily married.

Sabre's married and snobbish wife, Mabel, fails to understand her husband's poetic and whimsical temperament. In business he is undetermined by a jealous associate in the firm of Fortune, East and Sabre, and a promised partnership is diverted from him to Twynning. At this point, Nona's life with Tybur becomes intolerable and she asks Sabre to take her away. War is declared and Sabre rushes to secure a commission. He speaks to Colonel Hattway of the Pinks.

Sabre is denied the commission because of physical condition. Young Perch asks Sabre to persuade his (Perch's) mother to consent to him going to war and Sabre promises and tries to get Effie Bright to stay with her. Bright, however, doesn't take kindly to the plan.

Effie goes to Perch's. Young Perch joins the army. Tybur is a hero in the war. Sabre is again rejected, is laughed at by his wife but he writes his troubles to Nona Tybur. Nona writes to Sabre and her husband but her husband does not write back but writes to other women in the town.

Sabre meets Nona who tells him of Tybur's heartlessness in his letter. Summoned by Effie, Sabre, hears that Young Perch was killed and Mrs. Tybur dying, stays with her while she passes away.

Sabre eventually gets into the army. On his leave home he gets a cold reception from his wife, and business partners and finds Effie, who is companion to his wife, is being bullied by her.

Sabre's wife discharges Effie and Sabre is wounded. He's badly crippled but gets no sympathy from his wife.

Hanggood again visits Sabre. Finds him walking with a stick, his wife gone and Effie Bright, with a baby on wedding ring, no servants, and a desolate air about the place.

Sabre tells Hanggood he is a social anarchist because of the suspicious conditions under which he is living in connection with Effie Bright, who has a war baby and has been taken into the Sabre home against his wife's wish. Mabel has gone to her father's and the servants have all been dismissed.

Hanggood finds Sabre at Brighton for a couple of days rest. His wife has divorce papers served on him there. A man takes him in a carriage, and he asks to be let alone. He said the man lived at Tidborough and that he was going back with him.

Effie Bright kills her baby and commits suicide while Sabre is away and Sabre is brought back for the first time. He is on trial before the coroner, and Twynning, the arch conspirator, and a hunchback lawyer, are about to fix the whole blame for the child and suicide on Sabre.

At the inquest Sabre is so worked up that he all but incriminates himself. Twynning and his hunchback lawyer, old Humpo, are jubilant because they believe they can fasten the crime on Sabre.

Sabre is brought in at the inquest and loses control of himself. "Look here," is about all that can be gotten out of him. The jury considers him in his verdict. Lady Nona Tybur appears as Twynning is testifying and tells him a lie. Sabre will not allow Nona or Hanggood to bother him. He goes home and returns to Fortune, East and Sabre's office in a frenzy.

His head was not aching, but there throbbed within his head, ceaselessly and enormously, a pulse that seemed to shake him at its every beat. It was going knock, knock, knock! Jammed the revolver in his jacket pocket. He went scrambling again down the stairs, and as he scrambled down he cried, "I'll cram the letter down his throat. When he's sprawling, when he's looking, perhaps I'll out with my gun and drill him, drill him for the dog, the dog that he is."

He was arrived! He was here! "Into my hands! Into my hands!" He passed into the office and swiftly as he could go up the stairs. He encountered no one. He came to Twynning's door and put his hand upon the latch. Immediately, and enormously, so that for a moment he was forced to pause, the pulse broke out anew in his head. Knock, knock, knock. Knock, knock, knock. Curse the thing! Never mind. In! In! At him! He went in.

On the left, at the far end of the room, Twynning sat at his desk. He was crouched at his desk. His head was buried in his hands. At his elbows, vivid upon the black expanse of the table, lay a torn envelope, dull red.

Sabre shut the door and leant his stick against the wall by the fire. He took the letter from his pocket and

walked across and stood over Twynning. Twynning had not heard him.

"HARD AS YOU CAN" WERE SABRE'S ORDERS.

He stood over him and looked down upon him. Knock, knock, knock. Curse the thing. There was Twynning's neck, that brown strip between his collar and his head, that in a minute he would catch him by... No, seated thus he would catch his hair and wrench him back and cram his meal upon him. Knock, knock, knock. Curse the thing!

He said heavily, "Twynning, Twynning, I've come to speak to you about your son."

Twynning slightly twisted his face in his hands as to glance up at Sabre. His face was red. He said in an odd, thick voice, "Oh, Sabre, Sabre, have you heard?"

Sabre said, "Heard?"

"He's killed. My Harold. My boy, my boy, Harold. Oh, Sabre, Sabre, my boy, my boy, my Harold!"

He began to sob; his shoulders heaving.

Sabre gave a sound that was just a whimper. Oh, irony of fate! Oh, cynicism, incredible in its malignancy! Oh, cumulative touch! To deliver him this his enemy to strike and to present him for the knife thus already stricken!

No sound in all the range of sounds whereby man can express emotion that now surcharged him. This was the pain of man's devising. This was a special and a private agony of the gods reserved for victims approved for very nice and exquisite experiment. He felt himself squeezed right down beneath a pressure squeezing to his vitals; and there was squeezed out of him a whimper.

"It's good of you to come, Sabre. I feel it. After that business, I'm sorry about it. Sabre, I feel your goodness coming to me like this. But you know, you always knew, what my boy was to me. My Harold, My Harold. Such a good boy, Sabre. Such a good, Christian boy. And now he's gone, he's gone. Never to see him again. My boy, my son. My son!"

Oh, dreadful!

And he went on, distraught and pitiable. "My boy, my Harold. Such a good boy, Sabre. Such a perfect boy. My Harold!"

The letter was crumpled in Sabre's right hand. He was constricting it in his hand and knocking his

# IRONTON DEDICATES NEW BRIDGE WITH FITTING CEREMONIES

**Prominent Officials Attend Imposing Exercises; Music And Oratory Enliven The Occasion**

**SPECIAL TO TIMES**  
IRONTON, O., April 21—Within 27 minutes after the bridge was thrown open after the automobile parade this morning 1,492 machines passed over it.

At 2 o'clock this afternoon it was estimated that 5,000 visitors were here for the bridge opening. Lowering clouds gave way to sunshine when the speaking program was reached and Old Sol beamed down on the distinguished orators as they began their talks, both ends of the bridge and the Ohio and Kentucky shores being massed with thousands of people.

All roads led to Ironton Friday, the magnet being formal dedication of its new \$700,000 bridge, which spans the majestic Ohio river between that city and Russell.

With hands playing and flags fluttering in the chilly breeze the epochal event was carried out today and there was not a hitch in the program.

The weather could have been more favorable, but lowering clouds that wept at times failed to dampen the spirit of the proud citizens of Ironton and the thousands of visitors who flocked there from three states. Men prominent in the political as well as the business arena were there and lent an air of dignity to the memorable event. It was Ironton's day to glorify in its bridge achievement and it glorified to its heart's content while neighbors joined enthusiastically in the celebration.

## Banquet Brilliant Affair

A monster banquet was held at the Marting hotel last night and it opened the bridge festivities. Governors from Ohio, West Virginia and Kentucky were present and the occasion will long be remembered in that city. Paeans of praise were sung for the progressiveness of Ironton and its virtues were extolled over spotless linen and shimmering silverware. Tonight the closing banquet will take place and at its conclusion in the Marting Hotel the bridge festivities will come to a fitting close.

As was expected Portsmouth was well represented at the opening, hundreds of citizens motoring there to take part in the festivities and to congratulate Ironton and its progressive citizens over the completion of the handsome bridge.

## Auto Parade

The opening was set in motion when the automobile parade took place at 9 o'clock this morning. Hundreds of gaily bedecked cars being in line. The first automobile passed over the bridge at 9 o'clock. All automobile traffic was halted from 9 to 11 a. m. No walkers were permitted on the bridge during these hours.

Promptly at 11 a. m. the bridge was thrown open to pedestrians and as they poured over the flag-bedeked structure it presented an imposing sight. Ironton citizens gazed on the scene in wonderment. It was crystallizing of dreams of long standing.

## Dedication of the Bridge

The Ironton school children began their march on the bridge at once. They took their places on the roadway on the down river side of the bridge and on the up-river side of the bridge from the toll house curve to within fifty feet of the state line.

After taking their places the children sang "Beautiful Ohio."

After the Ironton school children concluded their song the Russell school children marched on the bridge taking their places on the up-river side of the bridge from the beginning of the steel work to the state line.

After taking their places they sang "My Old Kentucky Home."

At the conclusion of the song by the Russell school children the Russell band marched on the bridge playing Yankee Doodle and took its place by the side of the Russell band.

The speakers, visitors and committee then marched to their positions at the state line.

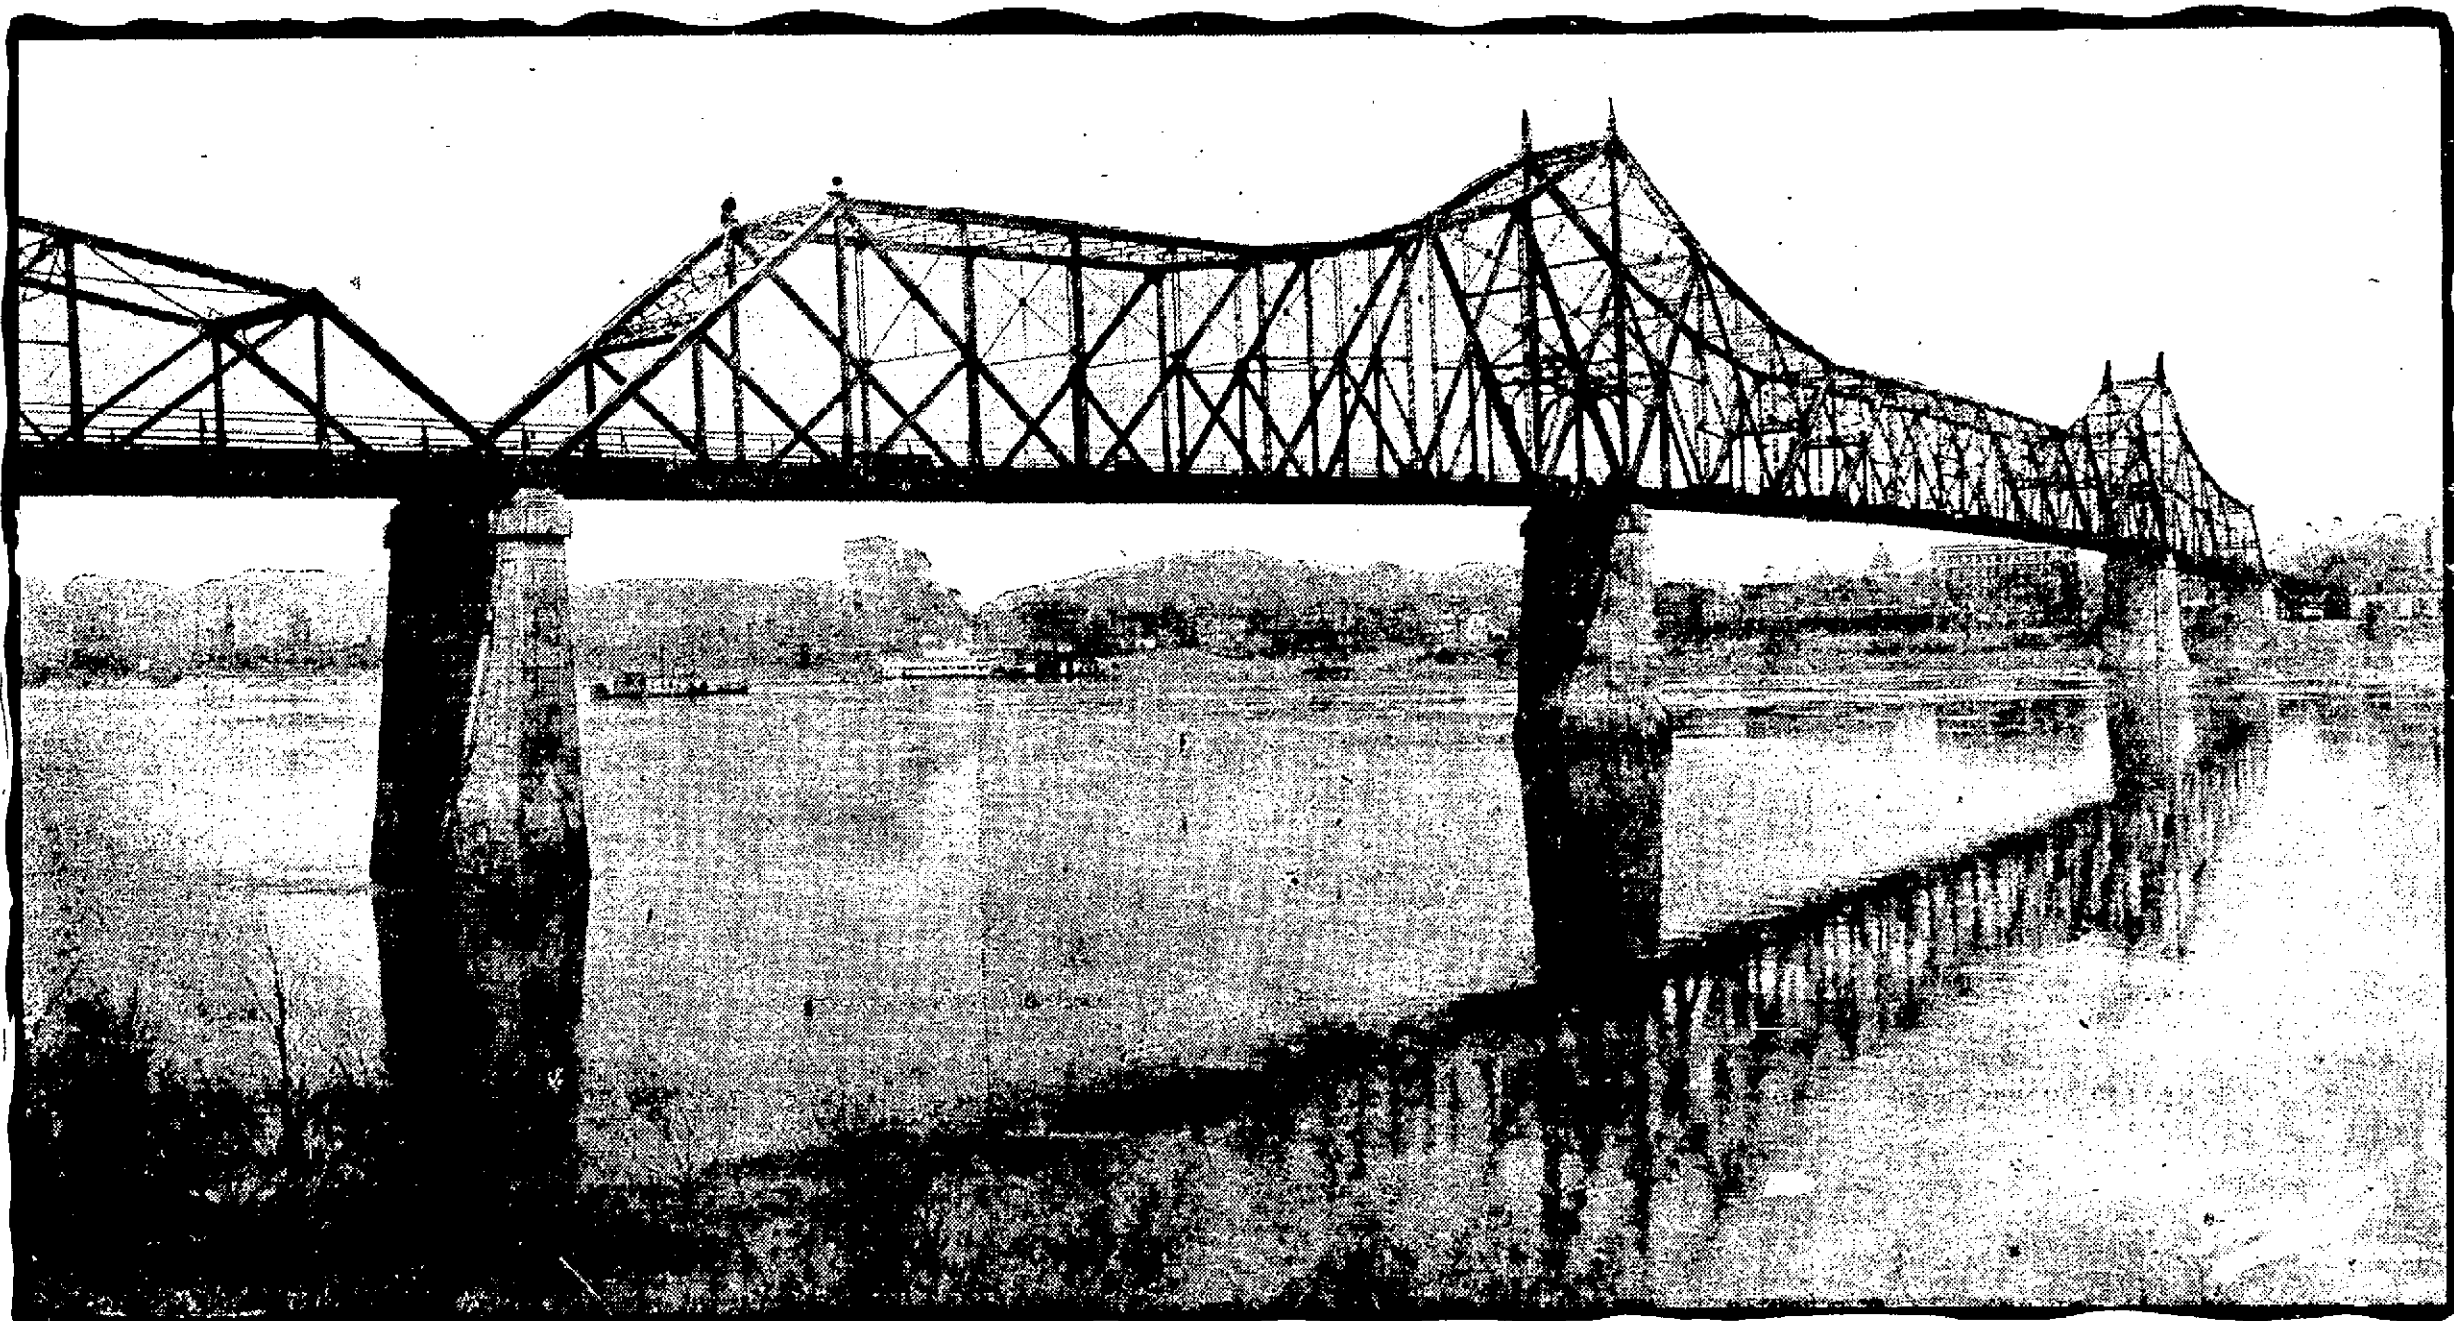

Rev. W. H. Hampton pronounced the invocation. The Governor of West Virginia then asked the Governors of Ohio and Kentucky to shake hands over the line and he in turn shook hands with the two Governors.

## Mayors Shake Hands

The Mayor of Ironton then shook hands with the Mayor of Russell. The president of the Ironton Chamber of Commerce then shook hands with the president of the Russell Board of Trade. The Commanders of the Legion Posts of Russell, Ironton and Coal Grove then exchanged greetings across the line.

The two bands played and the children and others sang the National anthem.

THE NEW BRIDGE OF WHICH IRONTON IS SO PROUD AND WHICH SPANS THE BEAUTIFUL OHIO

Above is pictured an admirable view of the fine \$700,000 Ironton-Russell bridge structure which was formally dedicated today. The bridge which spans the Ohio river between the two cities was erected in 274 days, a record for speedy construction. The money to pay the construction cost of the fine, new structure was raised by popular subscription in Ironton, Russell and other cities and villages in the tri-state region. It was a wonderful exhibition of financing and practically no trouble was encountered in raising the necessary cash. The opening of the bridge will fill a long felt want as it is the only general traffic bridge between Parkersburg, W. Va., and Cincinnati, O.

## JUDGE THOMAS SPEAKS AT BRIDGE BANQUET

Judge James S. Thomas of this city was one of the speakers at the banquet held by the Chamber of Commerce Thursday night in Ironton in celebration of the opening of the new Ohio river bridge. The banquet was given at the Marting hotel and the local jurist in his talk congratulated Ironton citizens on their enterprise in erecting the handsome structure across the Ohio.

Judge Thomas remained over to be present and witness the interesting ceremonies attending the formal opening and dedication of the new bridge Friday.

## Royal Neighbors Initiate Class

With a banquet, class initiation and special drills on the program, members of Delta Camp, Royal Neighbors of America, enjoyed one of their best meetings in years last night. More than 100 members were in attendance at Ben Hur hall, where the lodge meets weekly as an auxiliary to Portsmouth Camp, Modern Woodmen of America.

The class initiated consisted of twenty-five candidates who had been obligated during the last few weeks. The officers conferred the degree work in a manner that won them much praise from the large number present as well as from District Deputy Mrs. Eliza Kelley of Chillicothe who was present.

The class included Mrs. Elizabeth Griffin, Mrs. Myrtle Ruggles, Mrs. Rosa Ward, Mrs. Lydia Cole, Mrs. Middle Beard, Mrs. Lola Bantz, Mrs. Lola Hannah, Mrs. Bessie Gilmer, Mrs. Mae Walker, Mrs. Gladys Swank, Mrs. J. F. Antis, Mrs. Minnie Bullock, Mrs. Ada Davis, Mrs. Florence Moore, Misses Laura Shepherd, Arty Lyons, Mary Tecters, Eva Harris, Martha Lyons, Alice Barney, Anna Jewell, Hattie Bolke and Eunice Darragh.

After the degree work a flag drill was given by a special drill team of twelve members, who had spent some time in rehearsing the drill. Their work on the floor also brought forth many complimentary remarks from the big crowd.

After this a banquet was served by the social committee in charge, Mrs. Mary Yeagle being chairman of this committee. That had everything arranged for a most delightful evening. After the banquet the Jolly Trio furnished music for dancing until a late hour.

## Petty Denominational Jealousy Should Be Set Aside, Says Leader

COLUMBUS, O., April 21.—Whether baptism by immersion constitutes a necessary adjunct to sanctification, precipitated a verbal clash at closing session of the Disciples of Christ here late yesterday.

A faction, characterized as Liberal, charged that the board of directors of the United Missionary Society of the Christian Church had been "sand-bagged" into adopting a resolution authorizing the recall of any missionary who did not baptize converts by immersion, by threats of conservative churches to withdraw their financial support from the organization.

"Conservatives who do not believe in the open policy are within their rights," Professor W. J. Lahmon, formerly of Drury College, Lipscomb, Iowa, declared. "But when they attempt to force their views on those who do not subscribe to this belief, they are opening the way for a schism within the ranks of the church."

Rev. P. H. Welschman, First Christian church, Canton, Ohio, one of those against whom the charges of coercion were directed, said his church had decided to withdraw its support from the United Missionary Society unless practice of the open policy was discontinued. "We are simply exercising the liberty which Prof. Lahmon so staunchly defends, of contributing our funds to societies that teach as we believe," he said.

In an afternoon address on the "co-operative approach to Christian unity," H. P. Atkins, representing the Cincinnati Federation of Churches urged abandonment of competitive efforts. "A divided church," he said, "is the scandal of Christendom."

Petty denominational jealousy should be set aside in the doing of united church work, he added.

## Many Building Associations Must Pay Three Years Income Tax, Decision Of Judge

CINCINNATI, O., April 21.—(By the Associated Press)—Three years income tax must be paid by many building associations in Ohio to the federal government by a decision made public by United States Judge J. W. Peck, here today. Judge Peck, in his decision, finds in effect, that a building association, to be true to its name, must be of a mutual character, doing business chiefly with and for its stockholders. Otherwise, it cannot maintain exemption under the income tax laws that is not accorded to banks. The decision, it is believed, sounds the end of banking business by building associations, many of which keep open all day and receive deposits from the general public.

The decision of Judge Peck, which was handed down in Columbus a few days ago, but was made public in Cincinnati today, was a victory for former United States District Attorney James B. Clark, who represented the government in the case.

The years in which the penalty under the federal income tax applies under the decision are 1918, 1919 and 1920.

The opinion was rendered in a test case filed by the Lilly Building and Loan Company, of Columbus, against Newton M. Miller, as collector of internal revenue there, to recover corporate income taxes paid under protest for the three years named under the revenue act of 1918.

## "Women In Industry" Discussed

BALTIMORE, MD., April 21.—(By the Associated Press)—Round table discussions were continued at today's meetings of the Pan-American conference of women begun here yesterday under the auspices of the National League of Women Voters, women in industry being the topic at the first session. Miss Mary Anderson, chief of the women's bureau, United States department of labor, presided. This question was considered in four sections as follows:

1. Appointment of qualified women in all public agencies, commissions or tribunals, national state and local dealing with the interests of women.

2. The limitation of the hours of work for wage earning women in industrial undertakings to not more than eight hours in any one day or 44 hours in any one week, and one day's rest in seven.

3. The prohibition of night work for women in industrial occupations.

4. The prohibition of the employment of women six weeks before and after child birth.

At the conference on prevention of traffic in women, accomplishments and results of conferences at Geneva in June, 1921, and at Rome in November of the same year, were presented briefly.

There also was a discussion of international treaties, existing and recommended, to meet present day conditions.

## Decision In Wage Parley Tomorrow

SPRINGFIELD, O., April 21.—(By the Associated Press)—Decision in the Indiana, Columbus and Eastern Traction Company wage conference will be made some time Saturday when the three arbiters will hold a final session at 10 o'clock in the Southern Hotel in Columbus. **Donahey Will Not Withdraw**  
**From Race In Favor Of Harmon**  
NEW PHILADELPHIA, OHIO,  
April 21—Former Auditor A. Victor  
Donahey will not withdraw from the  
race for the gubernatorial nomina-  
tion, he told Democrats of Tuscara-  
wa county at the annual Jefferson  
Day banquet here last night at which  
he and Senator Atlee Pomerene were  
the principal speakers.  
Mr. Donahey's declaration is in  
answer to a recent statement made  
by Newton D. Baker, former secre-  
tary of war, that former Governor  
Judson Harmon is the logical Demo-  
cratic candidate.  
"I am a bona fide candidate and  
the time for me to efface myself in  
the interests of any candidate has  
passed," Mr. Donahey said.  
Attention of the Democracy of  
Ohio was turned to national issues  
by Senator Pomerene, who declared  
emphatically that the Newberry case  
and the reason it taught would be re-  
membered in the coming state cam-  
paign. It was indicated that the  
Democrats will watch Republican ex-  
penditures both at the primary and  
election.  
Senator Pomerene devoted much  
of his address to the Fordney bill,  
which he vigorously criticized.  
Among others attending the ban-  
quet were Chairman W. W. Durbin,  
Earl D. Bloom, Bowling Green, can-  
didate for lieutenant governor; For-  
rest F. Smith, Columbus; and Gar-  
rett S. Claypool, Chillicothe, who  
seek the nomination for attorney gen-  
eral; Judge Harry A. Bell, Steuben-  
ville and former Secretary of State  
W. D. Fulton, Newark, candidates for  
secretary of state.

# THE MARKETS

## NEW YORK STOCKS

NEW YORK, April 21.—Mexican oil, the strongest feature of the opening of today's stock market on the basis of reports that the Tampico district showed salt water deterioration. Mexican Petroleum made an initial gain of 1 1/2 points, and Pan-American, Sinclair and Texas Company were fractionally higher. Union, Houston, Standard Oil of N. J. and Barnsdall "A" gained one to almost two points. Gulf States Steel and United States Steel handled, but most of that group and the equipment division reflected moderate pressure. Confers added to yesterday's gains and transcontinentals strengthened. Higher quotations for the leading foreign exchanges accompanied overnight advances of more hopeful developments at Genoa.

Trails held their early gains, but trailing shifted soon after the opening to the rails, motors, utilities, shipping and food specialties. Canadian Pacific, Texas and Pacific, Norfolk and Western, Pittsburg and West Virginia and New York, Chicago and St. Louis common and second preferred rose 1 to 2 points. Studebaker, Electric Storage Battery, Mack Truck, consolidated Gas, Manhattan Elevated, Market Street Railway prior preferred, North American and American Express also gained 1 to 2 points. Postum Cereal common and preferred, Coca-Cola, United Fruit, Atlantic Gulf and American Woolen were conspicuously strong. Usual leaders and the industrial group lacked their recent prominence. Call money opened and renewed into next week at 3 1/2 per cent.

The volume of operations in the market today diminished perceptibly from recent high levels. Secondary industrials and specialties took the place of the usual leaders at substantial gains. Sales approximated 1,200,000 shares.

The closing was strong.

## Chicago Grain And Provisions

CHICAGO, April 21.—General commission house buying in which industrial operations counted for little, kept wheat prices strongly upward today during the early dealings. The May delivery in which there have been prospects of a big shortage, went to the highest price level reached at any time by that month. An unlooked for advance in Liverpool quotations acted as a stimulus to buyers, and so too did optimistic reports about progress at the Genoa conference, as well as bullish advice regarding domestic crop conditions both in the winter and the spring wheat belts. The opening, which ranged from 3 1/2 to the higher, with May 1 1/4 to 1 1/4 1/2, and July 1 1/2 to 1 1/2 1/2, was followed by a decided further gain.

The close was unsettled, 1 1/2 to 1 1/2 1/2 higher, with May 1 1/4 to 1 1/4 1/2, and July 1 1/2 to 1 1/2 1/2, and later continued to show a tendency to rise.

Provisions were firmer with grain and hogs.

The close was unsettled at 1 1/2 to 1 1/2 1/2 decline to a like advance with July 6 1/2.

## Petty Denominational Jealousy Should Be Set Aside, Says Leader

COLUMBUS, O., April 21.—Whether baptism by immersion constitutes a necessary adjunct to sanctification, precipitated a verbal clash at closing session of the Disciples of Christ here late yesterday.

A faction, characterized as Liberalists, charged that the board of directors of the United Missionary Society of the Christian Church had been "sand-bagged" into adopting a resolution authorizing the recall of any missionary who did not baptize converts by immersion, by threats of conservative churches to withdraw their financial support from the organization.

"Conservatives who do not believe in the open policy are within their rights," Professor W. J. Lahmon, formerly of Drury College, Lipscomb, Iowa, declared. "But when they attempt to force their views on those who do not subscribe to this belief, they are opening the way for a schism within the ranks of the church."

Rev. P. H. Welshmen, First Christian Church, Canton, Ohio, one of those against whom the charges of coercion were directed, said his church had decided to withdraw its support from the United Missionary Society unless the open policy was discontinued. "We are simply exercising the liberty which Prof. Lahmon so staunchly defends, of contributing our funds to societies that teach as we believe," he said.

In an afternoon address on the "co-operative approach to Christian unity," H. P. Atkins, representing the Cincinnati Federation of Churches urged abandonment of competitive efforts. "A divided church," he said, "is the scandal of Christendom."

Petty denominational jealousy should be set aside in the doing of united church work, he added.

## Many Building Associations Must Pay Three Years Income Tax, Decision Of Judge

CINCINNATI, O., April 21.—(By the Associated Press)—Three years income tax must be paid by many building associations in Ohio to the federal government by a decision made public by United States Judge J. W. Peck, here today.

In his decision, Judge Peck, in a building association, to be true to its name, must be of a mutual character, doing business chiefly with and for its stockholders. Otherwise, it cannot maintain exemption under the income tax laws that is not accorded to banks. The decision, it is believed, sounds the end of banking business by building associations, many of which keep open all day and receive deposits from the general public.

The decision of Judge Peck, which was handed down in Columbus a few days ago, but was made public in Cincinnati today, was a victory for former United States District Attorney James B. Clark, who represented the government in the case.

The years in which the penalty under the federal income tax applies under the decision are 1918, 1919 and 1920.

The opinion was rendered in a test case filed by the Valley Building and Loan Company, of Columbus, against Newton M. Miller, as collector of internal revenue there, to recover corporate income taxes paid under protest for the three years named under the revenue act of 1918.

## Fess Says Harding Remains Neutral In Primary Contest

YELLOW SPRINGS, O., April 20.—Denial that he is seeking the support of the national administration in his campaign for the Republican nomination for United States senator, Congressman S. D. Fess, in a statement last night asserted that reports that President Harding will or is supporting any candidate are equally false. Mr. Fess said the President is remaining neutral in the primary contest.

Mr. Fess' statement follows: "Statements that I have sought or will seek the support of the national administration in my desire for promotion to the Senate are mere newspaper gossip and without any foundation in fact."

"I am too good a friend of the President to seek his endorsement by attempting to involve him in a primary contest, and am certainly too good a Republican to invite adverse as well as unwise criticism of his administration. On the other hand any report by any friend or any candidate that President Harding is backing or will back any candidate for the Senate is equally without foundation, and from whatever motive it cannot be a friendly attitude toward the administration or its head."

"The President is doing precisely what I have known from the beginning he would do, remaining neutral in any contest in the primary for the Senatorship that may arise."

## Gompers Forecasts Break In Coal Strike And Peaceful Settlement Within Few Weeks

NEW YORK, April 21.—A break in the deadlock between bituminous coal operators and miners, and a peaceful settlement of the strike "within a few weeks," was forecast here last night by Samuel Gompers, president of the American Federation of Labor.

Government intervention to prevent a shortage of fuel for the nation will not become necessary, Mr. Gompers declared.

"When it is demonstrated that the miners are standing firm, and are prepared to hold out," he asserted, "the operators will agree to confer with them and a new wage agreement will be the result."

The veteran labor leader came to New York at the invitation of Samuel Untermyer, counsel for the Lockwood Investigating Committee, to testify before that body tomorrow in regard to labor organization practices.

Asserting that "the drive of 'big business' to smash the labor unions has lost its force," Mr. Gompers declared that with a recent diminution of from 1 to 2 percent in nationwide unemployment, as reported by government investigators, "there is a little bit of sunlight in the industrial situation."

The revival of trade and of manufacturing, he said, has already set in and will be one of the deciding factors in the coal strike. No shortage of fuel threatens the larger industries, for they are well supplied for the emergency, he said, but he foresaw in the demand of the smaller manufacturer, local enterprises, public utilities and domestic consumers, a strengthening market for coal which would compel producers to make overtures to the miners, in order that the colliers might be re-opened.

The federation chief characterized the coal and textile strikes as the turning point in the wave of wage reduction which has swept the country in the last year.

"These united protests have checked any further attempts to reduce wages, not only in the basic industries, but in all industries throughout the nation," he said. "It marks the turning of the industrial tide."

## Farm Agents Hold Meeting

A district conference of county farm agents and Farm Bureau officers was held in the assembly room of the Security bank today with Homer C. Evans of Jackson presiding. Scioto, Pike, Lawrence and Jackson counties were represented at the meeting. Plans were discussed for solving new problems that are coming to the attention of farmers.

Fredericks, Pittsburg; second grand ceremonial lady, Daisy Murry, Cleveland; grand marshal, Elizabeth Harting, Toledo; grand inner guard, Mr. Lillian Meisel, Cincinnati.

COLUMBUS, O., April 21.—(By the Associated Press)—Ex-Governor W. L. Harding, of Iowa, and Charles P. Craig, of Duluth, Minn., will address the Great Lakes, St. Lawrence Tidewater Commission appointed by Governor Davis at a meeting to be held here today. The object is to bring pressure to bear upon Ohio congressmen to support an appropriation of \$250,000,000 to pay the United States' share of construction expenses.

## "Women In Industry" Discussed

BAITIMORE, MD., April 21.—(By the Associated Press)—Round table discussions were continued at today's meetings of the Pan-American conference of women begun here yesterday under the auspices of the National League of Women Voters, women in industry being the topic at the first session. Miss Mary Anderson, chief of the women's bureau, United States department of labor, presided. This question was considered in four sections as follows:

1. Appointment of qualified women in all public agencies, commissions or tribunals, national state and local, dealing with the interests of women.
  2. The limitation of the hours of work for wage earning women in industrial undertakings to not more than eight hours in any one day or 41 hours in any one week, and one day's rest in seven.
  3. The prohibition of night work for women in industrial occupations.
  4. The prohibition of the employment of women six weeks before and after child birth.
- At the conference on prevention of traffic in women, accomplishments and results of conferences at Genoa in June, 1921, and at Rome in November of the same year, were presented briefly.
- There also was a discussion of international treaties, existing and recommended, to meet present day conditions.

"The Friendly Class" of the Second Presbyterian Sunday School, taught by T. C. Mord, will sit down to a banquet tonight in the banquet hall at the Masonic Temple. The spread is the climax of a membership contest conducted the past several months and closing Easter Sunday, which greatly swelled the membership of the organization and gave Maltby Buggles the title of proud but not haughty captain of the winning side of the battle and Glen Duls the gallant leader of the vanquished colors.

An elaborate and entertaining program has been arranged to follow the banquet. Attorney A. J. Skelton is to act as toastmaster, and with this talented speaker handling the reins of the evening's program, some snappy action in entertainment and speech-making is assured.

Maltby Buggles, the boss of the winning side, in a neat little speech, which he has been ordered not to make too long or too lavish, will tell "How We Did It."

Then Glen Duls will "trail" with another depleted statement on some such insinuating subject as "Some Things Hidden That Should Be Revealed."

Rev. Hugh I. Evans, pastor of the church, and a great favorite with the class of young men, is to make the principal address of the evening, and a treat is in store for the guests.

Some whirlwind entertainment is anticipated from William Wiler Young, who will supply the dessert for the evening's oratorical and entertaining bill of fare in the form of an effort entitled, "When I Was Twenty-One."

All members of the class, veterans and recruits are cordially invited to be on the sixth floor of the Masonic Temple at six o'clock tonight to eat what they shall eat and hear and see what they will enjoy.

## AUTOS AND GARAGE BURNED IN NIGHT FIRE AT PEEBLES

Fire, thought to have been caused by a gasoline thief, who entered the place to get a free supply of gasoline, destroyed the E. A. Bashford garage, a seven passenger Studebaker touring car, International service truck, a Ford sedan and gallons of oil and gasoline this morning about three o'clock at Peebles. The fire was the worst that has visited the village in a year, the last big one being about a year ago when Mr. Bashford had a garage and two automobiles destroyed. This morning's loss was estimated at \$10,000, with some insurance.

The fire was discovered about three o'clock this morning by C. C. Toner, a neighbor, who noticed the rear end of the garage aflame. He had been awakened by a noise and it is thought that the explosion of a gasoline tank caused it.

The oil and gasoline in the building caused the fire to spread rapidly and the village firemen with a hand-pump truck gave all their attention to adjoining property as the garage was beyond saving. An alarm was sounded by ringing the bell on the town hall. The fire fighters obtained water from cisterns built for fire purposes. Bucket brigades were also formed and they threw water on property that was threatened by sparks, a high wind sending flying brands over a wide territory. The flames leaped across the alley from the garage and burned a roof from the barn owned by H. B. Gridin. Small outbuildings near the garage were also destroyed.

The Bashford garage was the home of Mr. Bashford's fine home

**Cocoon Oil Fine For Washing Hair**

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multisilf coconut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply put two or three teaspoonfuls of Multisilf in a cup or glass with a little warm water, then wash the hair with water and rub in. It will make an abundance of rich, creamy lather, and cleanse the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Multisilf coconut oil shampoo at any drug store. It is very cheap, and a few ounces is enough to last every one in the family for months. Be sure your druggist gives you Multisilf.—Advertisement.

The Home Culture Club held an enjoyable session last evening at the home of Mrs. W. E. Mann, 1213 Kline's Lane, with Mrs. George Jordan as assistant hostess.

The rooms were prettily decorated in iris and lilacs of the valley and the following program was presented:

Reading—"Nell Cutler's White Elephant"—Mrs. W. E. Mann.

Good Shopping; (b) When Will Was a Little Girl—Jean Lorey.

Reading—"A Sketch of O. Henry"—Miss Adah C. Vigns.

Reading—"An Easter Flower: (a) Three Little Boys—Miss Elizabeth Jordan.

Reading—"A Gift of the Magi by O. Henry—Mrs. A. G. Timme.

Reading—"After Twenty Years—Miss Myrtle Shaver.

After the program a social hour was held during which refreshments were served by the hostess and her assistant.

Mrs. C. C. Taylor of Third street has returned from a visit in Cincinnati. She was accompanied home by her mother, Mrs. Richard Carroll, of Cincinnati, who will remain here for several months.

## Gross Wealth Of Farmers During 1921 \$12,366,000,000

WASHINGTON, D. C., April 21.—(By the Associated Press)—The department of agriculture estimated today that the gross wealth produced by farmers in 1921 had a value of \$12,366,000,000, or about two-thirds of the aggregate value of the farm products of 1920, and little more than one-half the aggregate for 1919. During the same period, 1919-21, production of ten crops, which represent

about 95 per cent of the total crop acreage, fell 8 per cent. The total value of crops, the department said, declined from \$15,423,000,000 in 1919 to \$10,909,000,000 in 1920, and to \$7,028,000,000 in 1921. The decline of the total value of animal products on the farm was from \$8,361,000,000 in 1919 to \$7,354,000,000 in 1920, and to \$5,331,000,000 in 1921.

## Cockroach A "Radio Fan"; Uses Wireless For "Talking"

HARRISBURG, Pa., April 21.—The troublesome cockroach is a "radio fan" and communicates by wireless with his brothers and sisters. Howard Zimmerman, of Harrisburg, sergeant major of the 55th infantry brigade, headquarters company, Pennsylvania guard, believes and seeks to prove through experiments the results of which were made public today.

The experiments, Sergeant Zimmerman said, have been under way for a year and are the results of investigations begun in a bug infested barracks in Luxembourg, under the direction of Captain Armstrong, of the fifth division, signal corps, with which Zimmerman was serving shortly after the armistice.

"At that time we were having night school and were working on the short, cut possible wave length, getting as low as one fourth of a meter," the sergeant explained. "Radio sets were located three feet apart on a glass topped table."

"One night everything was working perfectly when suddenly our tubes began to act queerly. By the flickering light of the candle we finally located Mr. Cockroach sitting in the space between the receiving and transmitting apparatus. We removed him and to our surprise the apparatus became normal. This led us to believe he was capable of making electric power."

The sergeant declared one insect radio to another and this belief, he says, is supported by his experiments. "I have found in my experimental work," he asserted, "that a cockroach has a wave length of between one half inch and one inch, with a very low frequency."

"The tumble bug and moth are also endowed with radio power," he added, "while beetles show only slight evidence of possessing wireless habits."

Mystery Surrounds Shooting  
SPRINGFIELD, O., April 21.—John Brewster, 28, is in the city hospital with a bullet wound in his chest, while police are puzzled in solving the circumstances surrounding the shooting. Brewster refused to make any statement beyond saying he does not know how he was shot. Mrs. Brewster says she left home last night following a quarrel, and that when she returned this morning she found him lying on the floor. Brewster's condition is serious. Arrests are expected during the day.

## \$15,000,000 Tube Mill For Gary, Ind.

NEW YORK, April 21.—(By the Associated Press)—Construction of a \$15,000,000 tube mill at Gary, Indiana, is planned by the United States Steel Corporation, said a statement issued today by Chairman Elbert H. Gary. Building of the mill will begin at once and it is expected that the making of the tubes will be in full operation before the end of 1922.

The mill will have a capacity of about 350,000 tons a year, increasing the present tube capacity of the United States Steel Corporation by 20 to 25 per cent. It will be erected by the National Tube Company, a subsidiary of the steel corporation. Funds for the construction of the mill will be obtained by the sale of \$7,000,000 Indiana Steel Company five per cent bonds and \$3,000,000 National Tube Company five per cent bonds. The remainder of the money will be taken from the cash surplus of the steel corporation.

### Johnst Hatfield Dies In Mountain Cabin

WILLIAMSON, W. VA., April 21.—(By the Associated Press)—Johnst Hatfield, son of the late "Devil" Ausc, died in his mountain cabin at Johnst Hatfield, near here, late last night. When the feud was at its height, Johnst, who was known as "Devil" Ausc's right hand man, in the war in the West, was captured by Kentucky authorities on the West Virginia side of the river. The officials, it is said, did not await extradition proceedings, but hurried Johnst across the river into Kentucky and tried him for the murder of a member of the McCoy clan, who met death when the Randall McCoy homestead was burned and several members of the family killed. Johnst was convicted and sentenced to a life term, but was released after serving 13 years.

#### MURDER!

The fifth commandment forbids wilful murder and all sins which usually lead up to murder. For this reason anger, hatred, and will, desire or revenge, quarrelling and fighting are forbidden because they are often the causes of murder. Murder also includes the taking of the life of the unborn. The intentional use of contraceptives, and the deliberate causing of miscarriage and abortions are sins of murder in the sight of God. No murderer hath eternal life abiding in him. 1 John 3:15. God may take the lives of men because He is absolute Master of Life and Death. Civil Government may lawfully inflict the death penalty as a measure of self preservation of society and as a deterrent to criminals.

## FAST STEPPING MENDELS OF COLUMBUS PLAY LANSING TEAM IN MILLBROOK PARK ON SUNDAY

## Fred Hunter's Club Will Meet Some Stiff Opposition

The Mendels of Columbus will be the attraction in Millbrook park Sunday afternoon when the crack upstarters come for a single engagement on the diamond with Fred Hunter's Lansing Senators.

The Capital City tribe is recognized as a real ball club, always playing the game right up to the handle and fully capable of giving the Mels' gang a real argument.

The Mendel aggregation is one of the strongest traveling out of Columbus, having such stars as Myers, Lewis, Hobbs, Chaffin, Neer, Froun, Hohlth and Compton in their lineup and they have established an enviable reputation as fighters, contesting every inch of the way. The team has some clever fielders and some mighty hitters and it is on the offensive that the invaders shine as they have some clouters who are hard

to hold in check. They are liable to break loose at any moment with a fusillade of hits and garner in a flock of rallies so it behooves Fred Hunter to pick his best bet in a pitching way to turn back the visitors and he must also select the strongest nine from his crew of pupils if he expects to gain the decision.

The Mendels are favorites with local fans the team having shown here on many occasions in the past few years and with fair weather it is anticipated that a crowd of good proportions will take advantage of the opportunity to see the two crack teams in action as the contest promises to be full of thrills from the time Umpire Yeager sets the boys to work at 2:30 until the last batter has been retired. The usual fifty cents admission will be charged and which gives the ticket holder the privilege of a grand stand seat.

## N. &amp; W. TEAM ALL SET FOR LANSING

Tomorrow afternoon the N. and W. team will meet the Lansing club in a game which will be called at 2:30 at Millbrook Park. The admission will be 25 cents.

The N. & W. lineup will be Shoemaker, Blake, Walis, K. Keyser, Hicks, Wells, Cooper, E. Keyser, Thimmes, Goode, Houston and Hunter.

## Lansing Beats Sciotoville

Before several hundred fans, who heaved the chilling winds that whirled and snatched their way across Millbrook Thursday afternoon, the Lansing Michigan longhairs gave the Sciotoville lesson in "How to Play the Game." The score was 12 to 4.

The Hunterites clubbed their way to victory and the new men in the lineup made a favorable impression. The box score:
